Hi Dave and Jim. Just touching base to see if this meeting with Mr. Mintz occurred, and for a quick update on our meeting with Greg, Susan, et al this afternoon (in prep for call with Forest tomorrow at 11 pst). Rachel was on the latter, and I asked that she give you guys her impressions if she can catch you. But if you have a moment, Dave, you and I might have a short phone convo re: higher level OW offices' engagement.

Alan,

My Tuesday just got more complicated, and I won't be able to meet tomorrow. I was able to check just now, though, and confirm that Jim Pendergast, who is Acting Director of Wetlands Division while I'm on detail as deputy OWOW director, has some time available tomorrow.

Jim can meet with you either 1-1:45, or 4:30-5:30 tomorrow. Haven't yet checked about Region 9's availability, but I think you should just let Jim know what time you favor and go from there. Jim's email is included in this (Pendergast.Jim@epa.gov) and you can call him at 202-566-0398 for building entry, and if he doesn't pick up, call our admin assistant, Betty Obianwu, at 202-566-0434.

Sorry for my conflict, but Jim is fully up-to-date for the conversation with you.

Dave Evans

That time frame should work for me on Tuesday. Thanks for offering to set up the meeting.

I hope to see you then.

Alan,

Our communications (Verizon) are seriously degraded today, not sure if you received my Blackberry message.

I have a tight schedule Tuesday pm, but am available 3-4 pm for a short discussion. I would want Wetlands Division (I just recently shifted on temporary basis to acting OWOW Deputy position) to participate, as well as Region 9. Need to check on their availability, and get back to you Monday.

I am out of the office today and again on Monday morning. Can we get together on Tuesday to discuss this matter further? I would be happy to come over to your office on Tuesday - my afternoon schedule is wide open.

Hope to see you then. Thanks.

As I said, aiming to be able to get back in touch by Friday am (I'll be out in the afternoon), but if that doesn't happen, call again if you don't hear from me on Monday.

Thanks for the phone message and the offer to follow up with your folks in Region IX on the pending Rosemont mine permit. I look forward to hearing from you with a report at your convenience.

Thanks.
